

He Is Good To Me

The Taylors

[Verse 1]

I don't worry, when skies are grey

I don't bother with the darts Satan throws my way

For the one who cares for sparrows and the lilies of the fields

Is the one who calms the violent storms

When he says peace be still

[Chorus]

He's good on the mountain

He's good in the valley low

He's good in times of trouble

That's why I love him so

He's good while I'm sleepin'

He's good when I'm on my knees

He's good though I'm unworthy

He is good to me

[Verse 2]

In the sunshine and in the rain

He is still the king of kings who remains the same

He is faithful to his children

And his promises are true

If he says he'll always be there

That's exactly what he'll do
